Recycling

- <http://www.cityofmaplewood.com/index.aspx?NID=120>
Find out more about the easy-to-access recycling resources and services that the City of Maplewood has made available to all residents.
- <http://www.ecyclestlouis.org/>
Ecycle helps you safely and sustainably recycle all of your old electronics. Recycling electronics will help us preserve natural resources and also create jobs locally! Learn more about how and when to use this service from the link above. There is a recycling drop-off site just down the road at:
*DCAL Services LLC
8264 Brentwood Industrial Dr.
St. Louis, MO 63144*
- www.gigoit.org Gigoit is a non-profit that is founded by Maplewood residents and is designed to focus on re-use and recycling within the larger St. Louis community. Go to peruse for various odds and ends you might need, ranging from a donated end table to a gently used TV, or contact them about donating those items you no longer need.
